

In the Community

Above our Fire Prevention Specialist conducts a business fire safety inspection at a local business. Every business within the District receives a business inception on an annual basis. This ensures that our local businesses are following the current adopted fire code and safety polices in the municipality they reside in. It is also a great time for our community risk reduction team to provide education to business owners and answer in questions or concerns.

Here is the latest news from your Fire District.

Register Now for CPR/AED/Basic First Aid Class

The Fire District will be offering a CPR/AED/Basic

Date: Tuesday, March 10

Time: 6:00 p.m.

Where: Administration Building,
8426 Kosmerl Place,
Frederick, CO 80504

Cost: \$15

Register by calling Summer
Campos at 303-833-2742 or by
email at scampos@fffd.us

First Aid class to residents who are interested. The 2-year certification will come from the American Safety and Health Institute (ASHI) and is a blended certification meaning you will need to complete an online portion before the in-person skills check on March 10. To learn more about the CPR certification, please visit the ***Fire District's website.***

Looking Ahead: FFFD Officers Spend a Day Together

The Frederick-Firestone Fire District officers group spent the day together on February 26, 2020, discussing leadership, culture, service, values, and how the District plans to grow alongside its communities.
