

## 2026 Fee Schedule

### Building Construction Plan Review and Permit Fees

To submit plans or schedule inspections, please email [fireprevention@fffd.us](mailto:fireprevention@fffd.us)

All Fee Calculations are based on the project value (materials and labor), as reported by the contractor.

Building Construction Plan Review, Permit and Inspection Fees will be assessed at a rate of .0018 times the project valuation with a minimum fee of \$300.00. You may subtract any fire alarm or fire sprinkler system valuations from the project valuation.

Frederick-Firestone Fire Protection District (FFFPD) issues building construction permits for any new building construction or any proposed modifications to an existing building, such as a remodel, tenant finish, or change of use. FFFPD permits are not required to construct, remodel or renovate one- or two-family homes, or townhomes. FFFPD building construction permits are in addition to any municipal permits for projects within the Town of Frederick, Town of Firestone and Weld County within the FFFPD.

### Fire Protection System Plan Review and Permit Fees

All Fee Calculations are based on the project value (materials and labor), as reported by the contractor.

Fire Protection System Plan Review, Permit and Inspection Fees will be assessed at a rate of .03 times the project value with a minimum fee of \$300.00.

FFFPD issues permits for installation of any new fire alarm or fire sprinkler system, including fire pumps, kitchen hood suppression systems, bi-directional amplification systems, AES Radio systems, underground fire lines, etc. FFFPD also issues permits for any modification to an existing system. These permits are in addition to any municipal permits for projects within the Town of Frederick, Town of Firestone and Weld County within the FFFPD.

### Residential Development Reviews

Residential Development Plan Review fees will be billed a review fee of \$300.00 for each submittal.

### Hazardous Materials Process Reviews

Hazardous Materials Process Plan Review, Permit and Inspection Fees will be billed a fee of \$500.00

### Fireworks Display and Retail Fireworks Stands

Fireworks Display Plan Review, Permit and Inspection Fees will be billed a fee of \$300.00. Retail Fireworks Stand Plan Review, Permit and Inspection Fees will be billed a fee of \$1500.00.

### Battery Energy Storage System (BESS) and Oil and Gas Sites

Battery Energy Storage System (BESS) and Oil and Gas Site Plan Review, Permit and Inspection Fees will be billed a fee of \$750.00 per BESS and \$750.00 per well.

### Additional Fees

- The FFFPD additional service hourly rate is billed at \$100.00 per hour.
- Failed inspections are billed at our hourly rate for a minimum of two (2) hours.
- Work completed without a permit will be billed at double the original plan review and permit fee.
- FFFPD fees are established to account for staff hours dedicated to meetings, correspondence, review of submitted drawings, permits and inspections.
- Fees are required at the time of application.
- FFFPD reserves the right to dispute a project value reported by a contractor and may re-valuate the project based on the International Code Council Building Valuation Data Chart for the current year.
